To Whom It May Concern:

**Please support HB 920, the “No So-Called Sexual
Stimulants for Pills Act.”**

I represent the Boys & Girls Club of Greater Washington DC – Maryland Region, a youth guidance organization dedicated to helping our area youth, especially those from disadvantaged circumstances, realize and develop values and skills for living. And I believe that this legislation furthers the aims of our organization.

We strive to provide a range of activities to interest any child—including computer labs, arts and crafts, homework help, sports and more; and have done so since 1956. As part of this, we want to keep children safe – something that HB 920 clearly has as its objective. We don't want our kids to be able to go to stores and purchase something clearly labeled as “not safe” for children.

We look forward to your votes in favor of this legislation.

Sincerely,

Marvin Dickerson, Board Chair
